- Surgical pathology \$100
- All other laboratory services \$15

RADIOLOGY SERVICES

- Mammogram \$130
- Computerized tomography (CT) scan \$300
- Magnetic resonance imaging (MRI) \$450
- Positron emission tomography (PET) scan \$250
- All other radiology services \$50

PHYSICAL MEDICINE

- Physical therapy (PT) \$25
- Occupational therapy (OT) \$25
- Speech therapy (ST) \$25

ALL OTHER OUTPATIENT EVENTS, not otherwise shown on this benefit schedule \$25

All Assurant Health Access plans are fixed indemnity plans with limited benefits. This means they are not major medical insurance plans. Fixed indemnity benefits are provided for hospital confinement and specified medical and surgical events. These benefits are paid in specific amounts for covered events without regard to the costs of services rendered. This plan does not provide expense reimbursement for charges based on your health care provider's bill. For additional information on the benefits, exclusions and limitations, please refer to the product brochure.
