Welcome to your Humana Select Rx Network

Humana has teamed up with Walmart
and CVS to save you more

With the Humana Select Rx pharmacy network, you can purchase prescriptions at more than 12,000 Walmart and CVS pharmacies nationwide.

For added convenience, you can also purchase prescriptions using RightSource[®], Humana's mail-order pharmacy.

Rx

Humana[®]

Your pharmacy network

In-network pharmacies, nationwide, from names you trust

Retail pharmacies

With your Humana Select Rx Network, your in-network pharmacies are retail CVS and Walmart pharmacies. The Walmart network of stores includes Walmart, Sam's Club, Neighborhood Market and Walmart Express. Many CVS locations are open 24 hours a day, seven days a week. These major pharmacies have thousands of locations to serve you.

Mail-order pharmacy

RightSource is Humana's prescription mail-order service that offers you savings as well as convenience. It's simple! Instead of picking up your medications every month, have them mailed to your home or location of your choice. Visit RightSourceRx.com to order a new prescription or switch an existing one. You also can have your doctor electronically submit, fax, call in your prescription. Find out more by visiting RightSourceRx.com or call 1-888-538-3518 (TTY: 711). Hours are Monday – Friday, 8 a.m. – 8 p.m., Saturday, 9 a.m. – 6 p.m., Eastern time.

Important to know

It is important to use the pharmacies in your network. If you use an out-of-network retail or mail-order pharmacy, you pay 100 percent of the cost up front. Depending upon your plan design, there may be an out of network benefit.

Cost savings • Confidence • Convenience • Care

Use Humana's pharmacy tools

The pharmacy-pricing tools and information in the member section of Humana.com will help you get the most value from your prescription drug benefit. They'll also help you find potential cost savings:

- **Pharmacy locator.** Find a Walmart or CVS location near you. Find out distance, pharmacy hours, phone numbers, and driving directions or if you can get your medicines at RightSource.
- **Drug pricing tool.** View estimated prices of your prescription based on the pharmacy you select and save money by exploring your lower-cost drug alternatives.
- **Drug List search.** Use our online drug coverage search to look up a specific medicine and view coverage details, possible generic equivalents and alternatives.

Save money on prescriptions

Save even more with generic drugs

Generic drugs have the same active ingredients as brand-name drugs and are prescribed for the same reasons. But the cost for generic drugs is usually lower than the cost for brand-name drugs.

If you're concerned about your drug costs:

- Ask your doctor whether a generic option is available
- Tell your pharmacist you want generics when they're available
- Use the pharmacy tools on **MyHumana** or **MyHumana Mobile** to determine individual drug costs
