HOW IT WORKS

Help Ease Financial Issues

You can't predict the future. So it's good to plan ahead. Cigna Supplemental Solutions can help protect your lifestyle and well-being when a critical health event occurs.

Help ease the financial issues that arise when diagnosed with Cancer, a Heart Attack, Stroke or one of the covered qualifying events. With our policies, benefits are paid directly to you, or your designee, in a lump sum benefit of \$5,000 to \$50,000 upon first diagnosis and are available for individuals age 18-80 and their dependents.

No Surprises

We pay regardless of any other insurance you may have, and we pay direct to you, or your designee, to use any way you like. This should not affect how any other insurance carrier will pay you.

How can I use the money?

How you use the cash benefit is up to you. Use the lump sum benefits to cover:

- Deductibles/coinsurance
- Prescription drugs
- Rehabilitation
- Extended hospital stays
- Experimental therapy
- Unexpected expenses

How it Works

Start with a base policy. Choose either a Cancer or Heart Attack & Stroke Insurance Policy.

Get the benefits of both policies. You can add either a Cancer Rider to a Heart Policy or a Heart Rider to a Cancer Policy to get benefits for both for an additional premium.

Add a Specified Disease Rider or Accidental Death & Dismemberment Rider. For an additional premium, you can add on extra coverage.

Each year, approximately 610,000 people experience their first stroke. Stroke is the third leading cause of death for both men and women.²

CANCER

You are unique and so are your healthcare needs. Don't let a Cancer Diagnosis get in the way of being who you are. Our lump sum benefits can help with the treatment costs of cancer so you can protect your well-being.

The Details

With our Cancer Insurance policy you will receive 100% of your selected benefit amount from \$5,000-\$50,000 upon first diagnosis of cancer (*invasive*) and 25% of your selected benefit amount upon first diagnosis of Carcinoma in Situ (*non-invasive*). A maximum payment of 100% of the selected benefit amount will be allowed. This coverage is available for individuals age 18-80 and their dependents. The maximum child benefit amount is the lesser of \$10,000 or the selected parent benefit.

Cancer Insurance Coverage	% of Selected Benefit Amount	Max. % of Benefit amount payable
Cancer (<i>invasive</i>)	100%	100%
Carcinoma in Situ* (<i>non-invasive</i>)	25%	

The benefit amount for an initial diagnosis of cancer (*invasive*) or Carcinoma in Situ (*non-invasive*) shall be reduced during the first thirty days immediately following the effective date of the policy. The reduced benefit amount for cancer will be 10% of the first diagnosis amount selected and the reduced benefit for Carcinoma in Situ will be 2.5% of the benefit amount selected.

*Available as a rider on a Heart policy.
(Form# LY-FDC-RD-TX)*

Continuous Coverage

Included in your policy is a Recurrence Benefit. You will receive an amount (not to exceed an additional 100% of the selected benefit amount) upon additional diagnosis of cancer (*invasive*) or Carcinoma in Situ (*non-invasive*) provided you have not received advice or treatment for at least two years from the day of last diagnosis.

Time Period Without Advice or Treatment	% of Recurrence Benefit Amount Payable for Cancer	% of Recurrence Benefit Amount Payable for Carcinoma in Situ*	Max. % of the Recurrence Benefit Amount

Example

Elizabeth has a Cancer Insurance Policy. She is diagnosed with invasive cancer and receives 100% of her selected benefit amount. After treatment and successful recovery, six years later she is diagnosed with Carcinoma in Situ, she will receive 25% of her selected benefit amount. Elizabeth was initially treated and received no additional advice or treatment for 10 years; she is diagnosed with invasive cancer again. Elizabeth will receive the remaining 75% of her benefit amount for a total of 200% of her elected coverage.

*We will pay the benefit for Carcinoma in Situ only once in an insured person's lifetime. The maximum benefit payable is 100% of the selected benefit amount.

HEART ATTACK & STROKE

The thought of having a heart attack is scary, but the truth is, it can happen to anyone. Recovery is important. Our lump sum benefits help you focus on getting well so that you can be 100% you.

The Details

Our Heart & Stroke Insurance pays the selected benefit, from \$5,000-\$50,000, if an insured person receives a first diagnosis or procedure for one of the qualifying events listed in the following chart. The maximum child benefit amount is the lesser of \$10,000 or the selected parent benefit amount.

We will pay each benefit only once in an Insured Person's lifetime for the following conditions: Coronary Artery Bypass Surgery, Aortic Surgery, Heart Valve Replacement/Repair Surgery, Angioplasty, and Stent, subject to the maximum percentage of benefit amount payable.

*Available as a rider on a Cancer policy.
